	Klau/Buena Vista Mine - Fish advisory needing cnty partnership; EJ needs; Hmong outreach; Laotian and Vietnamese			
Alhambra	*New Stringfellow (FYR only)			
El Monte	Sulphur Bank Mercury Mine ⁴			
Puerto Valley				
Selma Pressure Treating Co.	EJ Coordinator			
Material Development Coordinator	Virtual Meeting Coordinator			
Spanish Interpretation/Translation				

CAG Coordinator – Vacant

- Awareness of CAG interactions in the region and all applicable guidance and protocols
- Assistance in helping CICs think through issues in working with and managing CAGs
- Fluent understanding of support available to develop and manage CAGs

Language Coordinator (Interpretation and Translation) – Angie

Working knowledge of all available EPA resources for interpretation/translation services

TASC Coordinator ~ Carlin

Lead coordinating TASC support for Region 9

Strong working knowledge of TASC capabilities and history of use at other sites in region and nationally

Maintains strong working relationships with HQ and other TASC users to build broad understanding of capabilities and examples of work to advise site teams

Works with CIC to identify TASC needs and works with HQ to secure support

Virtual Meeting Coordinator – Gavin

- Strong working knowledge of EPA tools and guidance on remote connection
- Leads workgroup in exploring potential tools and advises CICs and site teams on ways to use tools to meet site goals
 - Coordinates "champions" to raise awareness of capabilities of tools and ways

EPA Allied Disability Advocate – Angie

- Service on EPA's group with other colleagues in regional office

Fish Advisory Coordinator – Hilary

- Working knowledge of various ways that fish advisories have been managed throughout the region
- Expertise to share with peers and other regional staff on how experience and knowledge can be applied at other sites
- Awareness of cross-program initiatives related to fish advisory work

Outreach Material Coordinator – Hilary

Support in developing “core” outreach materials to be used at every NPL site, *e.g.* , an overview presentation of EPA and SFD history and fundamentals of the law

- could develop standard brochures for each of the sites
- could develop brochures on different topics
- develop a folder for compiling new stories related to EPA or related to a specific
- *e.g.* , History of EPA, Vapor Intrusion, Lead Sampling, science topics

Mailing List and Mass Notification Coordinator – Hilary

- Working knowledge of systems used to manage and maintain EPA's site contact lists
- Lead in exploring potential tools for managing site contact lists and ways of tracking outreach to site contacts
- Lead in exploring potential tools for developing professional-looking, commonly-used mass-notification outreach materials like site update emails
- Lead in exploring concurrent notification avenues (*e.g.* , text, email, voicemail)
